We aim to transform any space into a place that inspires and connects with people

With an approach that combines contemporary design and sustainable craftsmanship, Dareels offers unique contract solutions for hotels, restaurants, offices and other professional spaces. Our furniture and accessories are designed to be durable, aesthetically pleasing and environmentally responsible. Each project is an opportunity to create environments that tell stories and reflect the identity of our clients.

Avec une approche qui allie design contemporain et artisanat durable, Dareels offre des solutions contract uniques pour les hôtels, les restaurants, les bureaux et autres espaces professionnels. Nos meubles et accessoires sont conçus pour être durables, esthétiques et respectueux de l'environnement. Chaque projet est l'occasion de créer des environnements qui racontent des histoires et reflètent l'identité de nos clients.

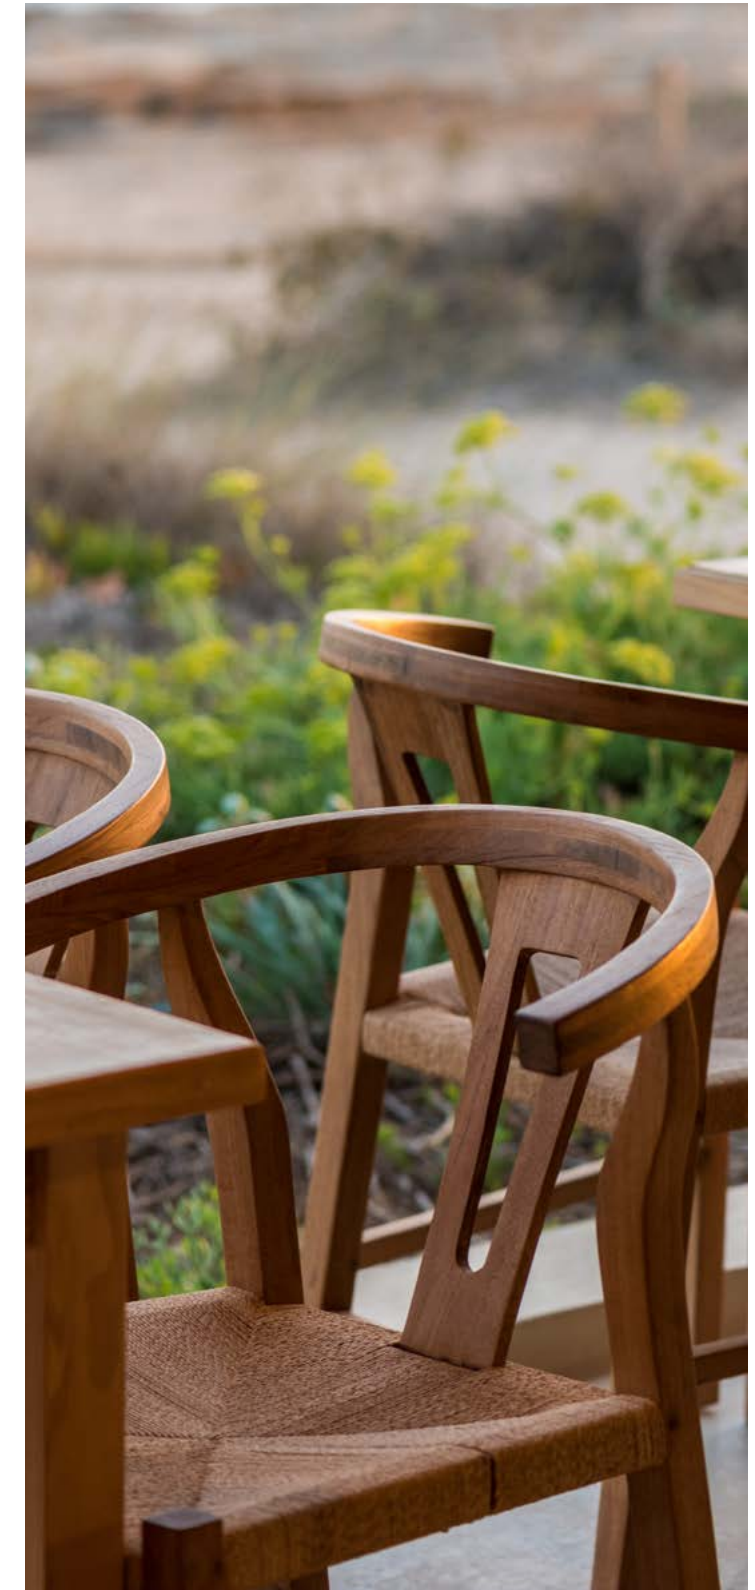

Excellence, creativity and collaboration in every project

We are committed to providing creative and high quality solutions that meet the timelines and budgets of each project. At Dareels, we pay attention to every detail to offer products that combine traditional craftsmanship with innovative and responsible design.

With a collaborative approach, our team will guide you through the entire process, ensuring a smooth and efficient experience. From initial idea to delivery, we offer maximum control and guarantee at every stage of the project.

Nous nous engageons à fournir des solutions créatives et de haute qualité, adaptées aux délais et aux budgets de chaque projet. Chez Dareels, nous prenons soin de chaque détail pour livrer des produits alliant artisanat traditionnel, design innovant et responsable.

Avec une approche collaborative, notre équipe vous accompagnera tout au long du processus, pour une expérience fluide et efficace. De la première idée à la livraison, nous offrons un contrôle et une garantie maximale à chaque étape du projet.

Sustainable commitment and longevity

Sustainability is an integral part of our DNA and one of the fundamental pillars of Dareels. Wherever possible, we use recycled wood and natural materials in the manufacture of our products, minimising our impact on the environment. We are committed to ethical and responsible design that not only respects the environment, but also supports local communities through fair and sustainable practices.

In addition, the high quality of our products ensures exceptional durability, extending their life and providing long-term value to our customers. This not only optimises the use of resources and reduces consumption, but also minimises waste, contributing to a more environmentally conscious and responsible lifestyle.

La durabilité fait partie intégrante de notre ADN et constitue l'un des piliers fondamentaux de Dareels. Dans la mesure du possible, nous utilisons du bois recyclé et des matériaux naturels pour fabriquer nos produits, ce qui permet de minimiser l'impact sur l'environnement. Nous nous engageons en faveur d'une conception éthique et responsable qui non seulement respecte l'environnement, mais soutient également les communautés locales par le biais de pratiques équitables et durables.

En outre, la haute qualité de nos produits garantit une durabilité exceptionnelle, prolongeant leur durée de vie et offrant une valeur à long terme à nos clients. Cela permet non seulement d'optimiser l'utilisation des ressources et de réduire la consommation, mais aussi de minimiser la production de déchets, contribuant ainsi à un mode de vie plus respectueux de l'environnement et plus responsable.

Dareels contract services

1. TAILORED SOLUTIONS

We create exclusive pieces that are tailored to the exact needs and specifications of each client. From an initial briefing, our design and development team will work with you to design, prototype and manufacture unique furniture and accessories.

- Bespoke design: Our process begins with active listening and a detailed analysis of the project requirements. If necessary, we will design from scratch, exploring shapes, materials and finishes to achieve the desired aesthetic and functionality.

- Prototyping: We offer the opportunity to develop full-scale prototypes to visualise and adjust the design prior to final production. This stage allows the client to experiment with the product and make adjustments to ensure that each piece is perfectly in line with their vision.

- Materials: We work with a wide range of materials, from reclaimed or new sustainably sourced wood, to recycled natural or synthetic fibres, to bespoke metal and textile finishes. Our team will guide you in choosing the best options according to the use and style of the space.

2. CUSTOM CATALOGUE

Our range of furniture and accessories in the catalogue can be tailored to meet the specific requirements of your project. This includes changing dimensions, finishes and colours so that each piece fits seamlessly into the design of the space.

- Adapting existing designs: Our standard products can be adapted to suit any project. Whether it's changing the colour of the upholstery on a sofa, adjusting the dimensions of a table or removing elements from a chair, we offer you the flexibility to adapt our collections.

- Choice of finishes: We offer a variety of finish options including natural wood treatments, powder coated metal, reinforced upholstery seams and more. Each option is selected to provide the best resistance and durability in contract environments.

- Combining textures and materials: Customisation includes the ability to combine different materials and textures to create pieces that stand out and add character to your space. We work hand in hand with you to find the perfect combination to suit the aesthetics and functionality of the environment.

1. SOLUTIONS SUR MESURE

Nous créons des pièces exclusives qui s'adaptent aux besoins et aux spécifications exactes de chaque client. À partir d'un briefing initial, notre équipe de conception et de développement travaille avec vous pour concevoir, prototyper et fabriquer des meubles et des accessoires uniques.

- Conception personnalisée : notre processus commence par une écoute active et une analyse détaillée des exigences du projet. Si nécessaire, nous concevons à partir de zéro en explorant les formes, les matériaux et les finitions qui répondent à l'esthétique et à la fonctionnalité souhaitées.

- Prototypes : nous proposons de développer des prototypes à l'échelle pour visualiser et ajuster le design avant la production finale. Cette phase permet au client d'expérimenter le produit et de faire des ajustements pour s'assurer que chaque pièce correspond parfaitement à sa vision.

- Matériaux : nous travaillons avec une grande variété de matériaux, du bois récupéré ou neuf provenant de sources durables aux fibres naturelles ou synthétiques recyclées, en passant par des finitions personnalisées en métal et en textile. Notre équipe vous guidera dans le choix des meilleures options en fonction de l'utilisation et du style de l'espace.

2. CATALOGUE SUR MESURE

Notre gamme de meubles et d'accessoires peut être adaptée dans le catalogue pour répondre aux exigences spécifiques de votre projet. Il s'agit notamment de modifier les dimensions, les finitions et les couleurs afin que chaque pièce s'intègre parfaitement à l'aménagement de l'espace.

- Adaptation de modèles existants : Nos produits standard peuvent être personnalisés pour s'adapter à n'importe quel projet. Cela peut consister à changer la couleur du revêtement d'un canapé, ajuster les dimensions d'une table ou retirer des éléments d'une chaise. Nous vous offrons la possibilité de personnaliser nos collections.

- Choix des finitions : nous proposons une grande variété d'options de finition, notamment le traitement du bois naturel, le revêtement en poudre du métal, les coutures renforcées des tissus d'ameublement et bien d'autres encore. Chaque option est sélectionnée pour offrir la meilleure résistance et durabilité dans les environnements contract.

- Combinaison de textures et de matériaux : la personnalisation comprend également la possibilité de combiner différents matériaux et textures, créant ainsi des pièces qui se démarquent et donnent du caractère à votre espace. Nous travaillons main dans la main avec vous pour trouver la combinaison parfaite qui s'adapte à l'esthétique et à la fonctionnalité de l'environnement.

3. CONTRACT COLLECTIONS

We have collections specifically designed for contract projects. These collections offer a wide variety of material and finish combinations, ideal for high traffic areas such as hotels and offices.

- High-traffic furniture: Designed to withstand constant use, our contract furniture offers durability without compromising on style. Each piece is designed with usability and strength in mind, ideal for environments that require robust yet stylish furniture.

- Design and functionality: Our collections include a wide range of chairs, tables, sofas and accessories that can be adapted to suit all types of public or commercial spaces. Each design has been tested to guarantee its functionality in demanding environments, ensuring it meets the highest standards of quality and comfort.

- Indoor and outdoor solutions: We offer products for indoors, outdoors and in/out (suitable for both environments), always maintaining the aesthetic and functional cohesion of the space. From hotel terraces to office lobbies, our furniture adds a distinctive touch to any environment.

3. COLLECTIONS CONTRACT

Nous disposons de collections spécialement conçues pour les projets contract. Ces collections proposent une grande variété de combinaisons de matériaux et de finitions, idéales pour les espaces à forte fréquentation tels que les hôtels et les bureaux.

- Mobilier à fort passage : Conçu pour résister à une utilisation constante, notre mobilier contract offre une durabilité sans compromis sur le style. Chaque pièce est conçue dans un souci de facilité d'utilisation et de solidité, ce qui est idéal pour les environnements qui requièrent un mobilier robuste mais élégant.

- Design et fonctionnalité : nos collections comprennent une large gamme de chaises, de tables, de canapés et d'accessoires, qui peuvent s'adapter à tous les types d'espaces publics ou commerciaux. Chaque modèle a été testé pour garantir sa fonctionnalité dans des environnements exigeants et répondre aux normes les plus strictes en matière de qualité et de confort.

- Solutions pour l'intérieur et l'extérieur : nous proposons des produits pour l'intérieur, l'extérieur et l'intérieur/extérieur (adaptés aux deux environnements), tout en maintenant la cohérence esthétique et fonctionnelle de l'espace. Des terrasses d'hôtel aux halls d'entrée de bureaux, notre mobilier apporte une touche distinctive à tout environnement.

Available solutions

1. SIZE MODIFICATIONS

We adapt the dimensions of our products to the needs of the project. Whether reducing or increasing the size of tables, sofas, benches or any other piece of furniture, we ensure that each piece fits perfectly into the space available.

1. MODIFICATION DES DIMENSIONS

Nous adaptons les dimensions de nos produits pour qu'ils répondent parfaitement aux besoins de votre projet. Qu'il s'agisse de réduire ou d'agrandir la taille des tables, des canapés, des bancs ou de tout autre meuble, nous veillons à ce que chaque pièce s'intègre de manière optimale à l'espace disponible.

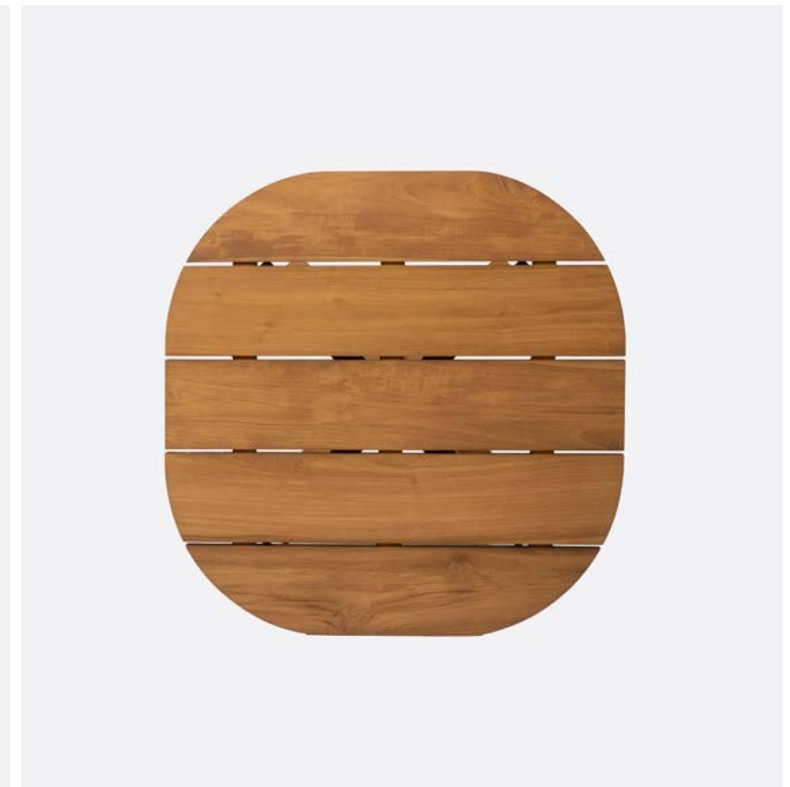

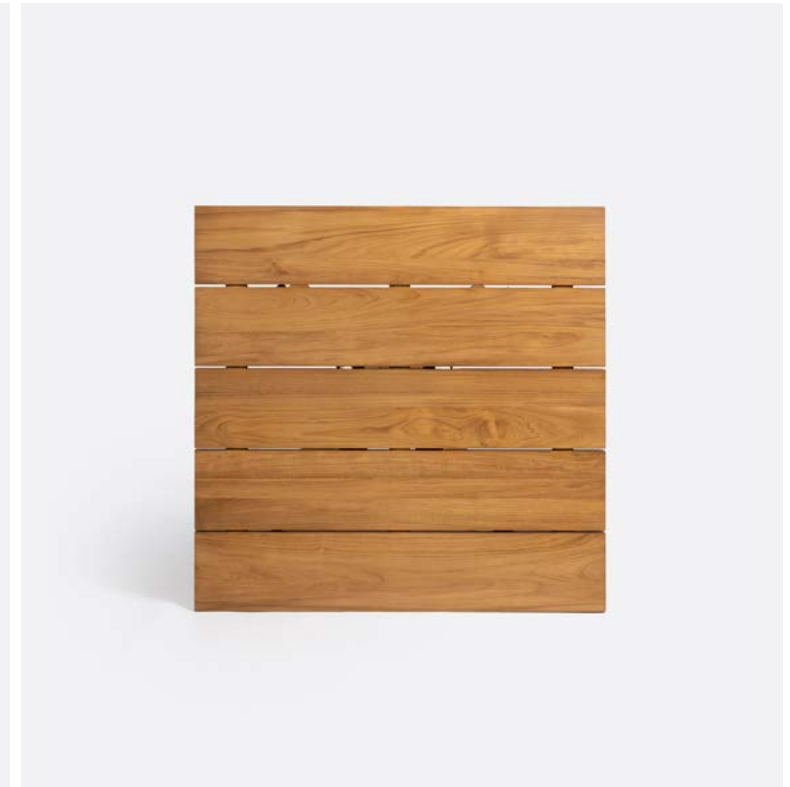

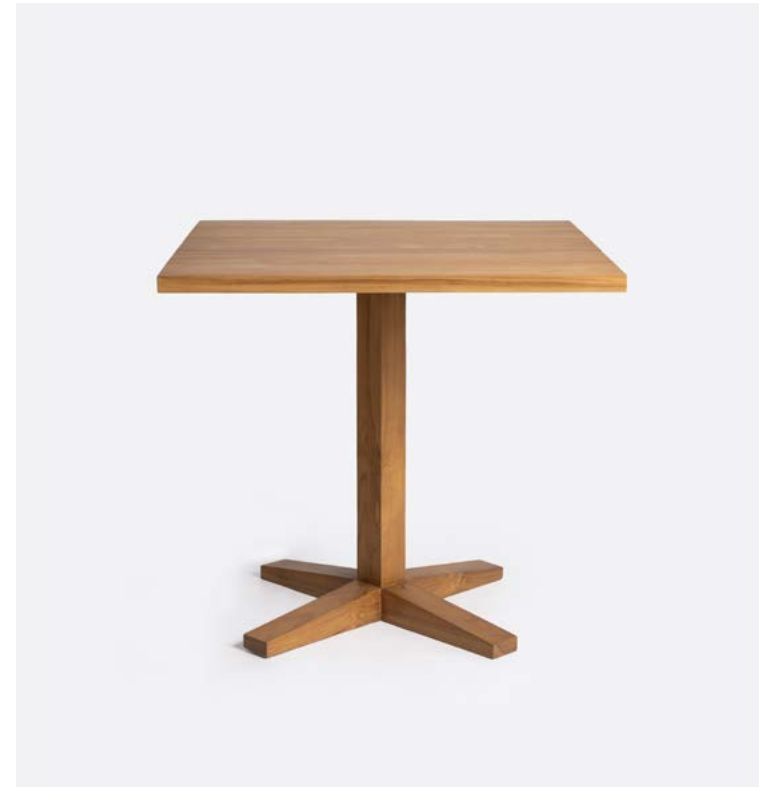

2. DESIGN ADAPTATIONS

We can modify the design of our pieces to meet specific customer requirements. From structural modifications, format changes or outdoor versions of indoor models. We adapt the design so that each product reflects the vision and style of the project.

2. ADAPTATIONS DU DESIGN

Nous adaptons la conception de nos pièces pour répondre aux besoins spécifiques de nos clients. Qu'il s'agisse de modifications structurelles, de changements de format ou de versions extérieures de modèles d'intérieur. Nous ajustons la conception de manière à ce que chaque produit reflète la vision et le style du projet.

3. COLOUR VARIATIONS

We offer a wide range of colours to personalise the aesthetics of each piece. From our own colours to those requested by the client, we adapt the furniture to harmonise with the chromatic palette of the room.

3. VARIATIONS DE COULEURS

Nous proposons une large gamme de couleurs pour personnaliser l'esthétique de chaque pièce. De nos propres tons aux couleurs demandées par le client, nous adaptons le mobilier pour qu'il s'harmonise avec la palette chromatique de l'espace.

4. FINISHING OPTIONS

We offer different types of finishes, including treatments for wood (smooth, brushed, weathered, aged), metal or fabric. This allows us to adapt the appearance and resistance of each piece to the specific conditions of use and style of the environment.

4. OPTIONS DE FINITION

Nous proposons différents types de finitions, y compris des traitements pour le bois (lisse, brossé, altéré, vieilli), le métal ou les tissus. Cela nous permet d'adapter l'aspect et la résistance de chaque pièce aux conditions spécifiques d'utilisation et au style de l'environnement.

SMOOTH

WEATHERED

5. COMBINATION OF MATERIALS

In addition to the possibility of introducing new materials, we combine them to create unique pieces (iron and leather; wood and iron; paper rope and wood...). These combinations allow us to highlight the furniture and give character to the room, adapting it both functionally and aesthetically.

5. COMBINAISON DE MATÉRIAUX

Outre la possibilité d'introduire de nouveaux matériaux, nous les combinons pour créer des pièces uniques (fer et cuir ; bois et fer ; corde de papier et bois...). Ces combinaisons nous permettent de mettre en valeur le mobilier et de donner du caractère à l'espace, en l'adaptant tant sur le plan fonctionnel qu'esthétique.

Certifications and treatments

We ensure that our products meet all the quality and safety standards required for contract projects.

- Anti-stain and anti-UV treatments: These treatments add an extra layer of protection to our products to keep them looking their best for longer. Anti-UV treatments prevent fading, while anti-stain treatments make cleaning and maintenance easier.

- Flame retardant options: For environments that require high safety standards, we offer flame retardant options that meet international standards. Ideal for public spaces and high-traffic areas, these treatments provide added safety without compromising on design.

- Sustainability certifications: Our products are designed with sustainability in mind. We use certified woods and recycled materials to ensure that our pieces are not only aesthetically pleasing but also environmentally friendly.

Nous veillons à ce que nos produits soient conformes à toutes les normes de qualité et de sécurité requises pour les projets contract.

- Traitements antitaches et anti-UV : ces traitements apportent une couche de protection supplémentaire à nos produits, ce qui leur permet de rester dans un état optimal plus longtemps. Les traitements anti-UV empêchent la décoloration, tandis que les traitements antitaches facilitent le nettoyage et l'entretien.

- Options ignifuges : pour les environnements exigeant des normes de sécurité élevées, nous proposons des options ignifuges conformes aux normes internationales. Ces traitements sont idéaux pour les espaces publics et les zones à fort passage, car ils offrent une sécurité supplémentaire sans compromettre le design.

- Certifications en matière de développement durable : nos produits sont conçus dans une optique de développement durable. Nous utilisons des bois certifiés et des matériaux recyclés, ce qui garantit que nos produits sont non seulement esthétiques, mais aussi respectueux de l'environnement.

Our process

We offer a flexible and personalised working process, tailored to the needs of each project:

1. Initial briefing: We gather all the information necessary to understand the objectives and expectations of the project. We analyse the technical, aesthetic and functional requirements to establish a solid basis on which to develop our proposals.

2. Diagnosis and creative proposal: We create mood boards, sketches and design proposals that reflect the client's identity. We aim to inspire and surprise, offering options that combine the best of contemporary design and traditional craftsmanship.

3. Presentation and samples: Once the proposal has been defined, we present options for materials and finishes. Physical samples can be produced to ensure that every detail meets the client's expectations.

4. Production and quality control: We monitor every stage of production to ensure the highest quality standards are met. We have a dedicated quality control team who checks all production before dispatch.

5. International transport and logistics: We manage transport efficiently and safely, ensuring that each product arrives in optimum condition and within the agreed timeframe. We also have international logistics management with the possibility of direct shipments from the point of origin.

6. After-sales service: We guarantee after-sales service to ensure that our products are fit for purpose and remain in perfect condition.

Nous proposons un processus de travail flexible et personnalisé, qui s'adapte aux besoins de chaque projet :

1. Briefing initial : nous recueillons toutes les informations nécessaires pour comprendre les objectifs et les attentes du projet. Nous analysons les exigences techniques, esthétiques et fonctionnelles afin d'établir une base solide pour l'élaboration de nos propositions.

2. Diagnostic et proposition créative : nous créons des moodboards, des esquisses et des propositions de design qui reflètent l'identité du client. Nous cherchons à inspirer et à surprendre, en proposant des options qui combinent le meilleur du design contemporain et de l'artisanat traditionnel.

3. Présentation et échantillons : une fois la proposition définie, nous présentons les options de matériaux et de finitions. Des échantillons physiques peuvent être réalisés pour s'assurer que chaque détail répond aux attentes du client.

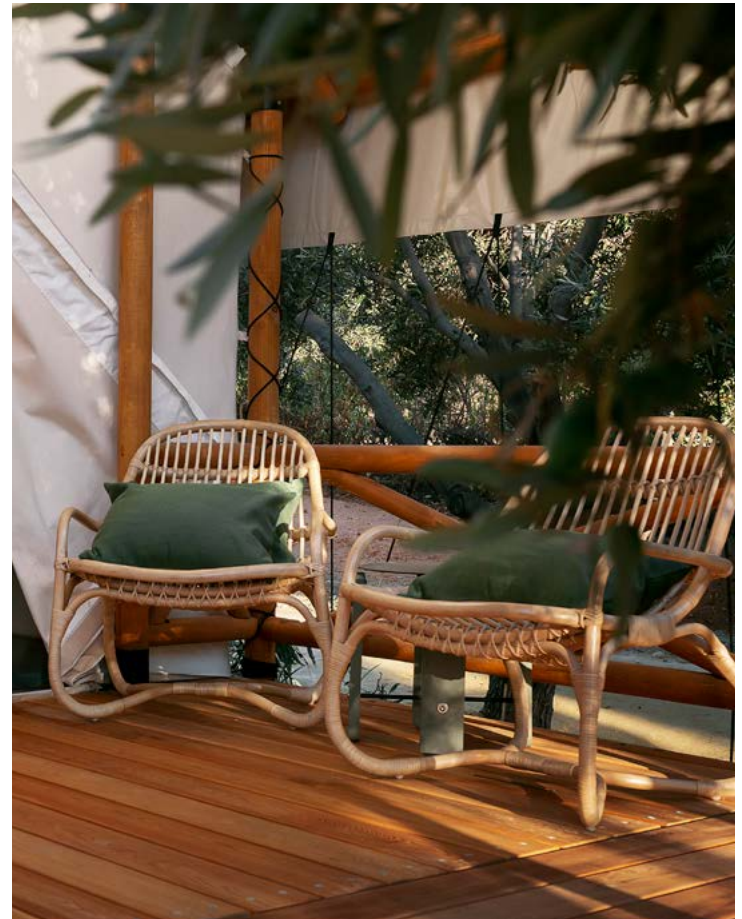

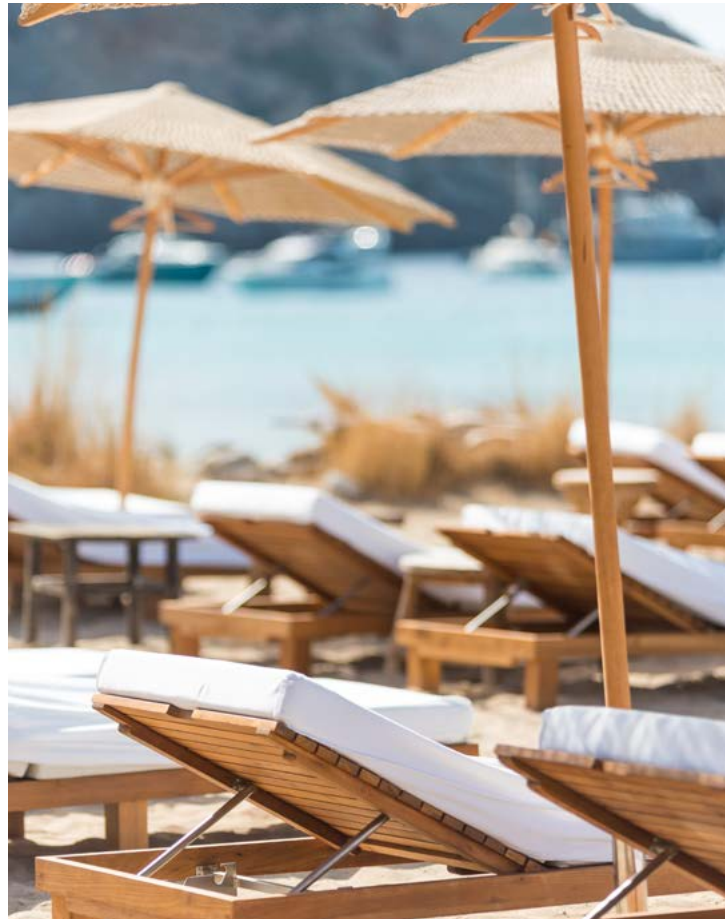

4. Production et contrôle de la qualité : nous supervisons chaque étape de la production afin de garantir le respect des normes de qualité les plus strictes. Nous disposons d'une équipe spécialisée dans le contrôle de la qualité qui vérifie toute la production avant l'expédition.

5. Transport international et logistique : nous gérons le transport de manière efficace et sûre, en veillant à ce que chaque produit arrive dans des conditions optimales et dans les délais convenus. Nous disposons également d'une gestion logistique internationale, avec la possibilité d'expéditions directes depuis le lieu d'origine.

6. Suivi après-vente : Nous garantissons un suivi après-vente afin que nos produits remplissent leur fonction et restent en parfait état.

Projects

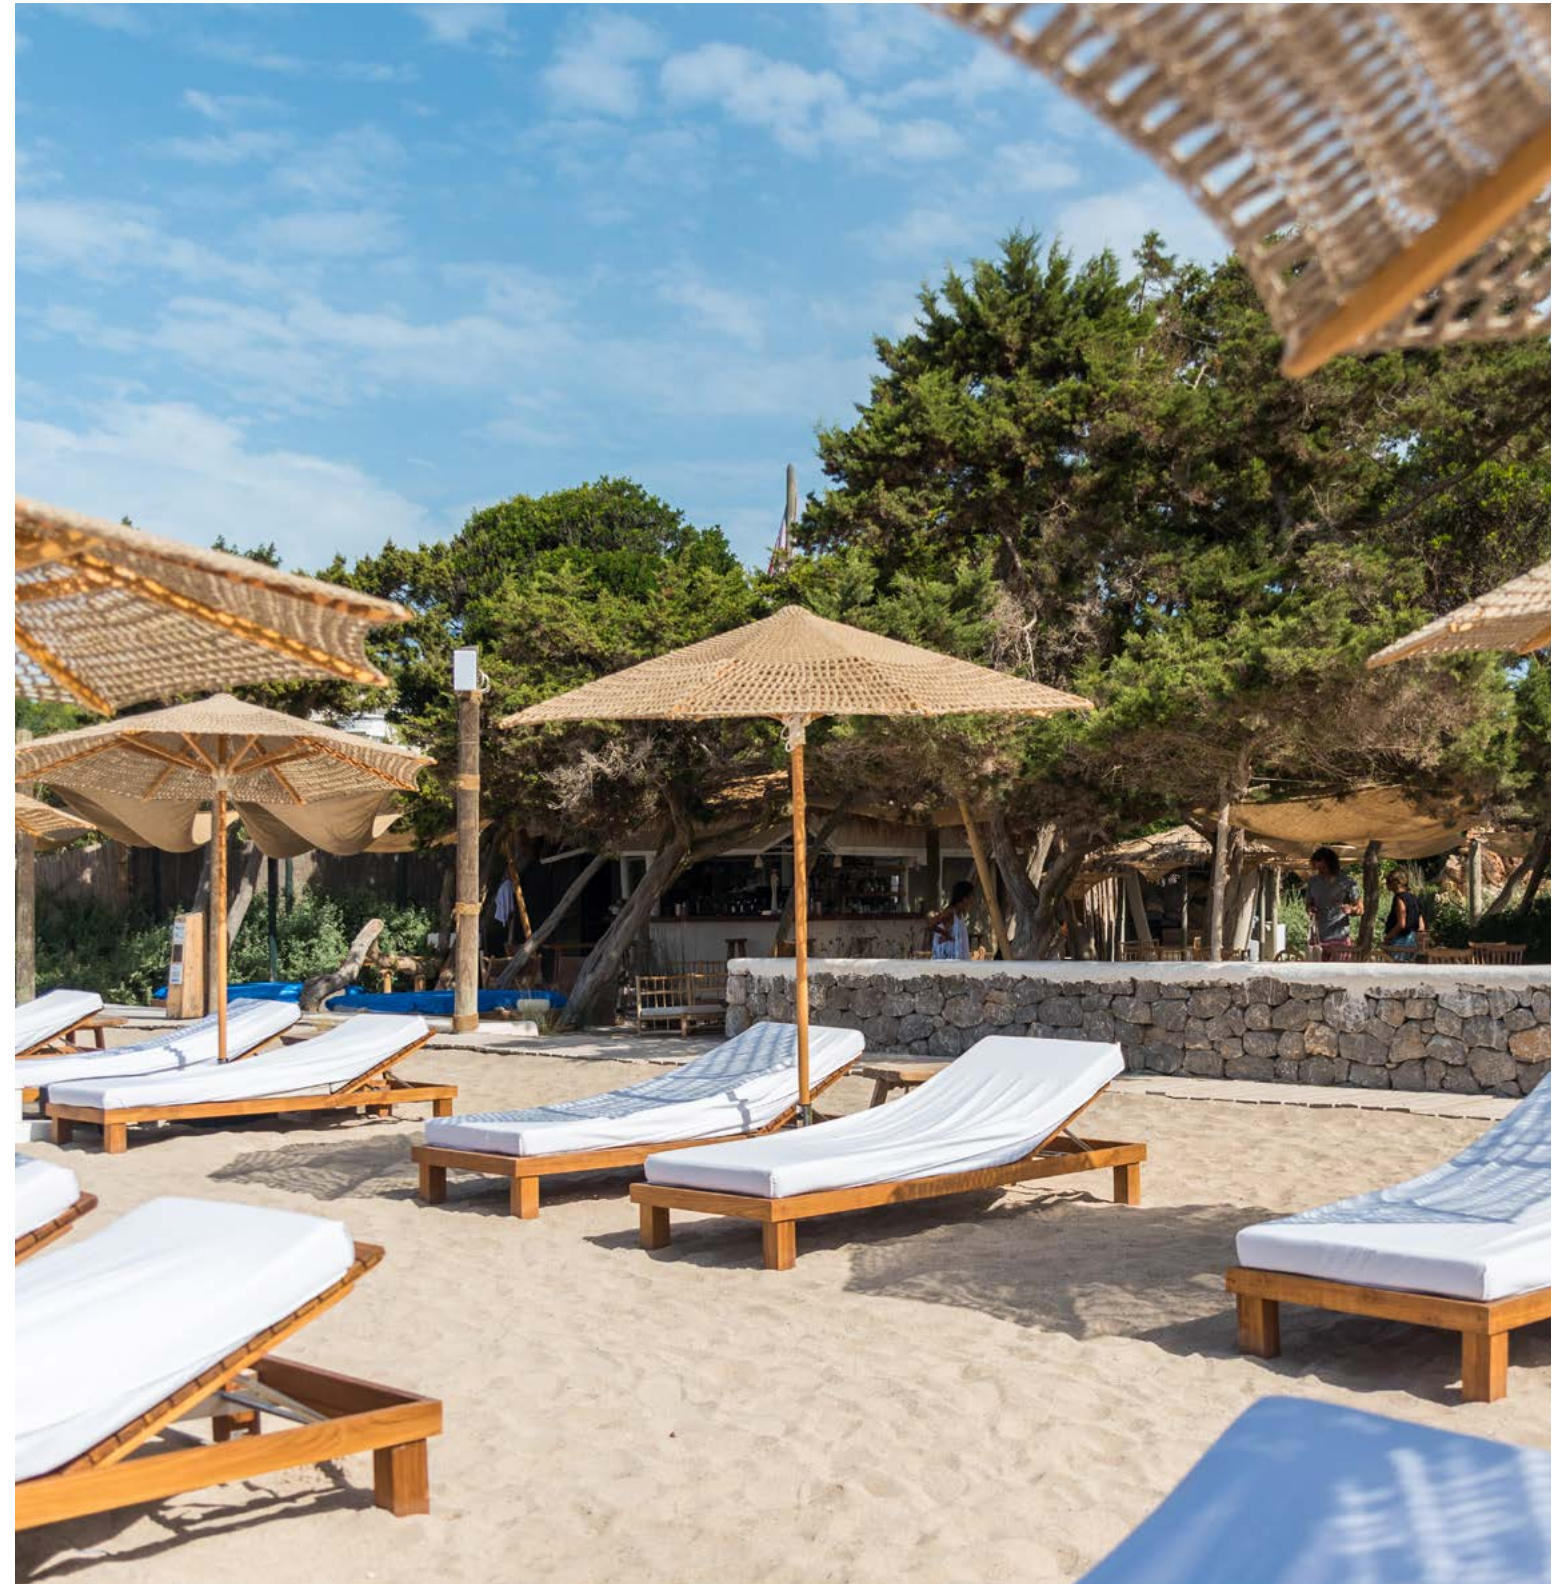

Comments

Whilst we offer a wide range of customisation options to meet the needs of each project, it is important to note that certain requests may not be feasible or may be restricted due to technical, manufacturing or regulatory factors. Our team will work closely with the customer to ensure that the proposed solutions meet both project expectations and quality and safety standards.

Dareels products are guaranteed for 3 years against manufacturing defects (materials and workmanship). Wear and damage to the product are not covered by this warranty.

The actual colours of the products may vary slightly from those shown in the catalogue due to unavoidable colour differences in the reproduction of printed photographs. Also, the perception of the colour of the product in a real environment may vary depending on lighting and environmental conditions.

Aesthetic variations Our products are handmade from natural materials, so each item is unique and may show certain variations in colour and shape compared to those shown on the website. The woods used in our products evolve over time and show nuances that may change their appearance, such as open grain or colour changes. This is a perfectly normal reaction that confirms their authenticity and natural origin.

For detailed information on product use and specific care of materials, please visit our [MATERIALS & CARE](#) web page.

Bien que nous offrons un large éventail d'options de personnalisation pour répondre aux besoins de chaque projet, il est important de noter que certaines demandes peuvent ne pas être réalisables ou être limitées en raison de facteurs techniques, de production ou de conformité réglementaire. Notre équipe travaillera en étroite collaboration avec le client pour s'assurer que les solutions proposées répondent aux attentes du projet ainsi qu'aux normes de qualité et de sécurité.

Les produits Dareels sont garantis pendant 3 ans contre les défauts de fabrication (matériaux et main-d'œuvre). L'usure et les dommages causés au produit ne sont pas couverts par cette garantie.

Les couleurs réelles des produits peuvent varier légèrement par rapport à celles indiquées dans le catalogue en raison de différences de couleur inévitables dans la reproduction de photographies imprimées. De même, la perception de la couleur du produit dans un environnement réel peut varier en fonction des conditions d'éclairage et d'environnement.

Variations esthétiques Nos produits étant fabriqués à la main avec des matériaux naturels, chaque article est unique et peut présenter des variations de tons et de formes par rapport à ceux présentés sur le site web. Les bois utilisés dans nos articles, avec le temps, évoluent et présentent des nuances qui peuvent modifier leur aspect, comme des veines ouvertes ou des changements de couleur. Il s'agit d'une réaction tout à fait normale qui confirme leur authenticité et leur origine naturelle.

Pour des informations détaillées sur l'utilisation des produits et l'entretien spécifique des matériaux, veuillez consulter notre page web [MATÉRIAUX & ENTRETIEN](#).

Beauty is on the outside

We commit to a design ethos where beauty and style aren't confined by indoor or outdoor spaces. The sophistication, refinement, and durability of our indoor creations resonate in our outdoor range, making many of our furniture and accessories versatile for both environments.

Nous avons une approche du design où la beauté et le style ne sont pas limités par les frontières entre l'intérieur et l'extérieur. La sophistication et le raffinement, ainsi que la durabilité, s'appliquent aussi bien à nos créations d'intérieur qu'à notre gamme de produits d'extérieur. C'est pourquoi une grande partie de nos meubles et accessoires sont des produits hybrides, qui s'adaptent aux différents environnements.
